Counselor

Dear PHS Families,

It has become necessary to notify all Poolville High School families that a staff member and a student have tested positive for Covid-19. Due to privacy laws, we will not be releasing the name of the individuals nor details that may identify them.

Our investigation has shown that no individuals were in close contact with the student or staff member at the time the illness began. The individuals became sick over the weekend and have not been on campus since symptoms began. The individuals will remain off campus, in quarantine, for the remainder of the required 14 days.

We are continuing sanitizing practices campus wide, in order to keep our staff and students as safe as possible. The appropriate areas have undergone an intensive cleaning and sanitation.

While we believe there is no reason to be concerned, we ask that you watch for symptoms of COVID-19. Any of the following symptoms should be considered:

- Loss of taste or smell;
- Temperature of 100.4 or higher when taken by mouth;
- Sore throat;
- New, uncontrolled cough that causes difficulty breathing;
- Diarrhea, vomiting, or abdominal pain; or
- New onset of severe headache, especially with fever.

If you or any member of PISD community begins to experience any of these symptoms in a way that is not typical, please contact your physician. We encourage anyone in the PISD community who is lab-confirmed to have COVID-19 to please notify our school nurse as soon as possible.

If you have any further questions or concerns, please reach out to our school nurse, Lori Johnson at (817)594-5439 ext. 1007.

Sincerely,

Jennifer Shifflett  
Principal  
Poolville High School

Jeff Kirby  
Superintendent  
Poolville ISD
